

**Welcome to our first official Western Riverina Community School newsletter.** This newsletter will share information about who we are, what we are doing, celebrations of success and any other activities, days and information.

Term one flew by in a flash. We currently have 18 students enrolled. Congratulations to each and every one of these students for making the positive choice to enrol and continue their education. I am extremely impressed with the attendance of many of these students.

### **Staff News**

I would like to congratulate and warmly welcome the following three new staff members. Shannon, our newest teacher recruit will be with us five days a week. Shannon brings a wealth of experience, having taught with DET for the past five years.

Alison has also joined our team as Student Learning Support Officer (SLSO). Alison has worked with WRCC for seven years as a trainer and will support student learning in the classroom.

Sue Hone has commenced in her role as Student Wellbeing Officer. We welcome Sue in her role to support every student in their effort to complete their studies and find a pathway into the workforce.

### **School News**

We have had our review meetings over the past few weeks. Review meetings aim to look at goal setting - both long and short-term and what needs to be put in place for students to achieve these goals. A plan will be developed, so that home and school can support WRCS students to achieve their goals.

Our core values (as decided by the students) are Respect, Responsibility and Positivity.

Our vision is to re-engage students in education and to be the best person they can be. This involves respect towards themselves, others and property; being a responsible citizen who tries their best and having a positive attitude.

Our three rules are no Bullying, Violence or Drugs and students will be asked to leave if they break any of these rules.

### **Student Activities**

#### ***"Stolen" Performance at Regional Theatre***

On June 8 students attended this wonderful performance. The previous day we were very privileged to attend a workshop with the crew. This inspirational performance and engaging workshop provided insight to all students about the issue of the Stolen Generation.
